STREET OUTREACH Report for 3/27/2011

For all humanity is like grass, all its glory is like a wildflower — the grass withers, and the flower falls off; but the Word of Adonai lasts forever. Moreover, this Word is the Good News which has been proclaimed to you!

I Peter 1:24-25

I am most grateful someone shared with me this Good News, aren't you! The Gospel never changes and for 52 years God has given me His love and desire to share this Truth!

I love the variety of people we meet downtown Denver on the 16th Mall! Last Sunday was a really special day. One group went to minister the Gospel to 'The Projects' about a mile away with music, food and clothing. Children and their parents came outside to enjoy the singing and receive the gifts and the love of Jesus in the Gospel message! It was a really fun time for everyone!

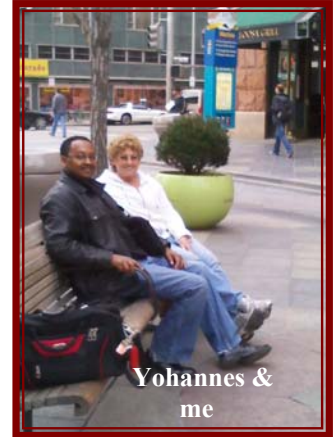

Yohannes and I stayed on the Mall and handed out bagged lunches to the homeless and shared the Gospel with anyone who wanted to listen! We had fun too!

On this day God brought Bob, Victor and Catherine to me. He knew they were ready to respond to the Gospel. They each asked Jesus to be their Lord and Savior! I was able to talk to each one about what this actually means and how to get started reading the new Bible I gave them. Also we discussed where to attend church. Pray for them as God's Spirit is leading them into the fullness of who He is! 😊

Jonathan was really open to hear the Gospel. Even as his friend was heckling he paid attention! I talked with another friend of his later in the day who definitely was born again and was with Jonathan this time. He thanked me for the time spent with Jonathan earlier and was encouraged to continue talking with him about Spiritual issues.

Yohannes and I passed out tracts all afternoon asking people if they wanted to talk about Jesus. Most people want to talk! We ask them what they know

about Jesus and then we share who the Bible says Jesus is. If interested we continue to share how they can know for sure they will spend eternity with Him! Many tell us they are Christians so we make sure they really understand who is a Christian. Probably 95% think they need to earn or deserve their salvation in some way. With them we really do have Good News to share!

Menorah really appreciates your standing with us in our Street Outreaches! Please feel free to join us! You can just come to listen, learn and pray or join in! We have plenty of tracts to share! It is a lot of fun to plant seeds for the Kingdom of God! Sometimes we are watering seeds and sometimes people are ready to receive God's Free Gift of Salvation like Bob, Victor and Catherine were this day!

Jenny, Dale and Me in our special Bold Outreach Shirts! One side reads 'Jesus for all' and the other side 'Jesus for Jews'. In pairs we make a complete statement!

Thanks for your prayer support!
